10th Birthday

Edition

HAPPY CUSTOMERS!! Is what you'll have when they purchase a quality, well fitting, well priced product from Australia's biggest flyveil manufacturer, Flyveils By Design.

With this being our 10th birthday year, our colour range has had a '**freshen-up**', our flyveils are now **even stronger** with the use of Velcro® brand Velcro and our extended nose covers have a more **user-friendly** shape. Plus, we continue to **guarantee** you **timely delivery**, along with **exceptional service** and support, second to none.

So for the **best** horse eye and leg protection from the flies and the sun's harmful UV rays this summer, don't buy a cheap imitation that doesn't fit or last the distance, contact Sam or Daymon at Flyveils By Design and we will happily discuss your requirements.

Hope to talk soon!
